NEPA

I am currently an NTTP instructor for NEPA Procedures. I am also the point of contact for OSMRE's national NEPA team including Regulatory and AML projects. I have thorough knowledge of NEPA and have worked on a multitude of projects including development of Environmental Impact Statements, Environmental Assessments, and Categorical Exclusions. I can provide guidance on development of NEPA documents along with technical advice as it relates to specific topics within a NEPA document. Additionally, I can provide assistance on projects where it relates to cooperating agency, co-lead, or tribal consultation.
